EMERALD CUBICLE SYSTEM

Height/Privacy Options

39" Tall: Collaborate and see into cubicles without any interference. Low noise control.

52" Tall: No visibility with other workers if all the panels are solid. You have the option to have glass top panel, which will allow for visibility. Mid noise control.

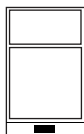

65" Tall: High privacy and high noise control.

Panels

- Choice of 39"H, 52"H, and 65"H panel heights
- Panel frames and components come standard in charcoal.
- Available in quick-ship, semi-custom, and completely custom options
- Fabric Flammability Test: California Technical Bulletin 177 Section E Part 1 (CS191-53)

- 2 1/2" Thick panel walls
- Tackable panels
- Tempered glass tops available (12" and 24") for increased visibility and light distribution.
- Single hinged 6"H cable channel for easy wire management
- Meets exceeds ANSI/BIFMA standards
