

Workplace Evolution

**NEW GENERATION**

## Fuel Creativity in the Younger Generation

With 11 different fabric options, tempered glass, numerous cubicle layouts, and systems, Skutchi Designs makes it easy to appeal to the younger generation of workers entering the workplace. We make it easy for you to accommodate your new employees. Any of our systems will give your office a young, creative, fresh, clean look that any millennial will be pleased to be a part of.

Workplace Evolution

# COLLABORATIVE WORKSPACE

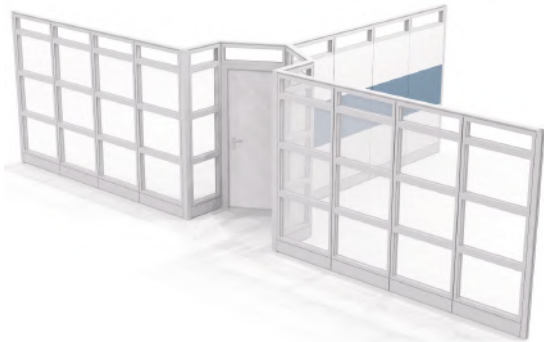

## Making Collaboration Easy

Skutchi has a variety of teaming style cubicles and desking systems. Our height adjustable desk screens come in any one of our 11 fabric colors or frosted glass. The 120 degree worksurfaces make maneuvering from one desk to another super easy! Turn your office into a collaborative environment with just one phone call or a visit to our website. Collaborative workspaces are in style!

### The Best Systems in Office Furniture

For your office, choose from the Emerald, Sapphire, or Diamond systems. All systems have the option for fabric or glass panels/screens. The Emerald and Sapphire are our cubicle systems. Our Emerald system is a midline cube with charcoal trim while our Sapphire system is a high-end cube with silver trim and thicker panels. The Diamond is our versatile desking system which enhances open spaces and comes with silver trim. All systems have storage options available so you can customize your workspace and show some style.
