PRODUCT DESCRIPTION

With its lightweight, modular construction, the **SAPslim Cubicle System** offers this mobile office partition room divider. This cubicle divider was designed with affordability and practicality in mind, and requires minimal assembly--making it ideal for nearly any size business. Perfect for classrooms, open rooms, or dividing up workspaces.

Pictured here is a simple single wall divider configuration composed of our Sea Salt laminate. This is shown with locking caster wheels attached to the base, but you can substitute the casters for freestanding floor mounts.

And don't forget, the mobile office partition room divider panels can be the pictured laminate you see here, or you can substitute with frosted polycarbonate, multiple fabric surfaces, or clear acrylic.
