DESKTOP TABLET STAND

\$88.88

Built with the public in mind, this stand is elegant, slim, convenient, and safe. Engineered to rotate this floor standing mount can hold your iPad in a variety of accessible positions. The lock and key combination ensures your tablet is safe within its confines and protects it from tampering or theft. Rotate your device to suit your changing needs.

Lead Time: 2 Days

Features

This tablet stand makes it easier for customers to sign, click, or view documents you are presenting to them. For an organized look, feed your cable through the cable management access port within the pole to hide it from view and keep a clutter-free look. It can go through the back plate of your tablet mount and keep your tablet charged during usage. This inside of the case holder comes with soft padding to protect your tablet from any damaged due to the scratching or moving. Made from heavy duty aluminum and reinforced with a glossy coat of white and silver, this modern and contemporary stand will do well in any public setting. Buy with confidence, this anti-theft mount will be able to sustain you through thousands of satisfied customers thanks to its easy to use functional design. All hardware and keys included with this package for easy installation.

SKU: MI-3781
