

## WALL MOUNTED SINGLE MONITOR WORKSTATION - SILVER

**\$190.73**

Feel more productive, focused, and less stressed in your new, ergonomic work area. The gas spring arm allows you to move from a sitting to standing position in a matter of seconds, whenever you feel like it! The keyboard tray is large enough to fit a keyboard and mouse and also features a soft wrist pad for added comfort. Built-in cable duct keeps your cords hidden and your work area clutter-free. An added bonus to this mount is that it comes with a CPU mount to keep your desk even tidier.

Lead Time: 2 Days

### Features

Improve your posture as you work comfortably while sitting or standing with this adjustable wall mount. An articulating arm allows you to turn, tilt, and rotate for optimal positioning. This wall mount supports 18- to 27-inch monitors. It supports most monitor types, so you don't have to worry about the brand and its size. Make sure that your computers have a VESA 75 or VESA 100 bolting pattern. The frame of this wall mount is constructed of heavy-duty steel and is powder-coated to enhance its overall attractiveness and durability. You can put laptops or computer monitors and other office supplies on this wall mount. It has a load capacity of up to 28.6 Pounds.
