

GAS SPRING SINGLE MONITOR DESK MOUNT - SILVER

\$111.79

Turn your work space into a comfortable and ergonomic environment. Say goodbye to eye and neck strain and keep your monitor at a comfortable eye level since this mount is height adjustable up to 13 inches. Raising your monitor up will reduce these strains, and will also free up desk space. The gas spring arm makes adjusting this monitor mount a breeze. This mount is compatible with a wide variety of monitor brands and models, so see how it can improve your workday as well as your productivity.

Lead Time: 2 Days

Features

This heavy-duty design supports up to 20 lbs. with ease. The base comes with a C-clamp that can

also be used as a grommet, and can be mounted on tables up to 3.3 inches thick. The arm features clips for cable management to help keep your desk looking clean and tidy. Depending on the user and desk height, this mounting bracket can be used for sit-stand desk applications. You can change monitor orientation from landscape to portrait in seconds without removing the screens. Enjoy the extra space you will have on your desktop, and keep your laptop, tablet, and notepads nearby.
