

ROAM TOUCHDOWN WORKSTATION

\$426.00

- Unique and versatile individual workspace, perfect for a worker who likes to move between work areas or who travels between offices frequently
- Beech laminate tabletop surrounded by fabric on three sides for a private, focused workspace
- Constructed of a steel tube frame with powder coat finish for long-lasting durability while also remaining lightweight and easily movable
- Fabric openings for cable management to create a clean, organized space
- Multiple units can be used together within an open floor plan
- Fabric available in Tan or Dark Gray for Quick Ship or customizable to suit any space
- Great for open offices, libraries, schools, computer labs, etc. to create a private workspace, meeting place or touchdown point
