Why Buy Our Large Conference Rooms?

The **Sapphire Wall System** features large conference rooms, built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our large conference rooms are a breeze to set up or take down. It usually takes less than a day to assemble (depending on the size of the project).

You can also customize our large conference rooms in a variety of ways; choose all glass panes or mix in

multi-colored laminates and fabric panels. The base of each panel features inline data and electrical "raceways" to manage cord and cables. The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.

What Comes With This Product?

The large conference room pictured on this page creates a space 12'W x 12'D x 95"H. It can be used for many purposes such as a collaboration room, breakroom, waiting area, conference room, etc. This space could easily fit up to a 12-foot conference table (such as a **Harmony Conference Series** table) or collaboration tables and desking units (such as the **Nova Desking System**) available only from *SKUTCHI Designs Inc.*

It's pictured here with an acrylic sliding door, however, we have traditional swing doors available if you're looking to upgrade. The front-facing panel are tempered glass with the side panels featuring Banana Yellow fabric and White Laminate. Again, you can customize the panels to suit your purpose. Just let us know when you order.

What Else?

The large conference room made with our **Sapphire Wall System** are fully compatible with any items available in our **Sapphire Cubicle System**, which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails.
