PRODUCT DESCRIPTION

Why Buy Our Office Dividers With Doors?

The **Sapphire Wall System** offers office dividers with doors which can be built to a variety of shapes and sizes. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding. No permanent attachments to your floor or ceiling.

In other words, our office dividers with doors are fully demountable. It usually takes less than a day to assemble (depending on the size of the project).

You can also customize the panels of our office dividers with doors in a variety of ways; choose all glass or mix in laminates and fabric panels. We offer multiple color fabric and laminate options. The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.

What Comes With This Product?

The 9' x 9' x 95" H office dividers with door pictured on this page includes a solid swing door with an inset glass panel of tempered glass. All our doors are fitted with custom locks and keys. The overall height is just shy of 8 feet tall.

The panels you see are covered with our Midnight Blue fabric on the side wall and White laminate on the front. Additionally, we offer built-in "raceways" along the bottom of our office divider walls to provide hidden electrical and data network management.

Just as important, you can change or replace individual panels when needed instead of the entire wall. In short, our office dividers with doors can be customized in many ways to suit almost any business or office. If your business ever needs to relocate then simply take the divider wall with you to your new location and reconfigure as needed.

What Else?

The office dividers with doors of our **Sapphire Wall System** are fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
