

BLOX MODULAR ACOUSTICAL DIVIDER WALL | ACOUSTICAL PRIVACY PARTITION

\$2,004.75

The BLOX premium acoustical panel system approaches sound control in a whole new way. Instead of being limited to mounting sound panels to existing walls or ceilings, the BLOX system is modular, allowing placement anywhere desired in an environment, for best performance. BLOX is a premium engineered acoustical panel designed to absorb up to 85% of noise in open spaces. Each BLOX system is available in a dozen colors and six frame configurations.

Features

- Panel Dimensions: 24"H x 22.75"W x 1.25"D
- Premium German wool
