# WEBWALL MODULAR ROOM PARTITION | CONTEMPORARY ROOM DIVIDER

$1,424.25

The modular design of WEB creates a partition wall designed to be easily movable and have a unique visual and functional appearance. The design of interconnected and overlapping elements creates an aesthetic with the function of creating a visual barrier for an open space or area without blocking off natural light. WEB screens are flexible enough for use in office environments, lounges, waiting rooms or common areas.
