

HEIGHT ADJUSTABLE LAPTOP TRAY

\$70.79

Laptop vented tray for school, businesses or home. Built to be compatible anywhere. The height adjustable design can turn your desk into a sit stand design for better blood pressure and circulation. The easy-to-make movements are coupled with angled measurements on each joint so you can exactly match your angles and find perfect 45 degree angles for comfortability.

Lead Time: 2 Days

Features

Ergonomic positions provided by this vented tray have been shown to reduce neck, wrist, back, and even eye strain. Your physical health is being reduced by static monitors and screens. Hunching over a flat laptop surface all day will cause a lifetime worth of injuries. Avoid the pain and get the solution. This vented tray is even healthy for your laptop. The vented tray will keep your laptop operating at better temperatures which can increase your devices' longevity. The multi-locking joints will change the way you use your laptop. It will be more comfortable, more versatile, and turn you into a more productive person. All necessary hardware and instructions included.

Make sure your laptop will fit the mounting tray.

SKU: MI-7210
