## **PRODUCT DESCRIPTION**

### **Why Buy Our Glass Conference Room Walls with Door?**

The **Sapphire Wall System** features glass conference room walls with locking door, built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our glass conference room walls with locking door are a breeze to set up or take down. It

usually takes less than a day to assemble (depending on the size of the project).

You can also customize our glass conference room walls with locking doors in a variety of ways. Choose all glass panes (as shown here) or mix in multi-colored laminates and fabric panels. The base of each panel features inline data and electrical "raceways" to manage cord and cables. The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.

### What Comes With This Product?

The glass conference room walls with locking door configuration pictured creates a space 16' x 16' x 95"H. It can be used for many purposes such as a breakroom, waiting area, conference room, etc.

This space could easily fit up to a 12-foot conference table (such as a [Harmony Conference Series](#) table) available only from *SKUTCHI Designs Inc.* It's pictured here with a hinged, swing door with glass panel insert. The panels are primarily tempered glass, but again, you can customize the panels to suit your purpose. Just let us know when you order.

### What Else?

The glass conference room walls with locking door made with our **Sapphire Wall System** are fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
