Installing mounts on top of desk

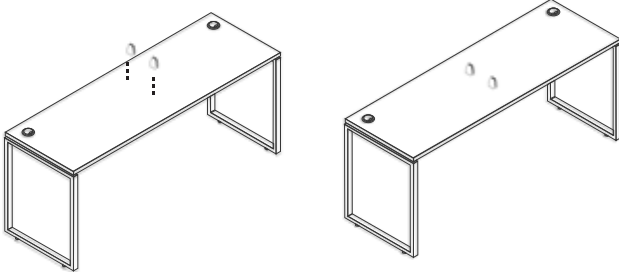

Mount

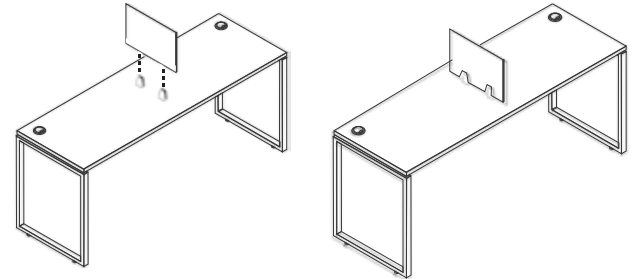

Desk

1 Attach mounts to top of desk

2 Attach screens to the mounts on the desk

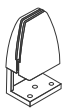

Desktop Screen Options

These screens are available in the same dimensions as the desk screens but mount to the edges of the desk instead of on the tops.

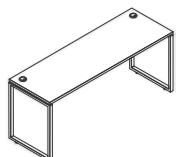

Assembly using single desk mounts

1 Attach desk mounts to the screen first.

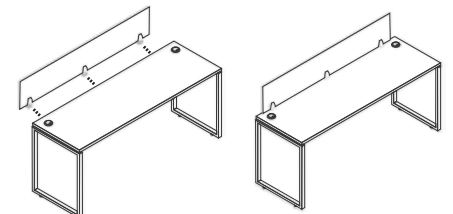

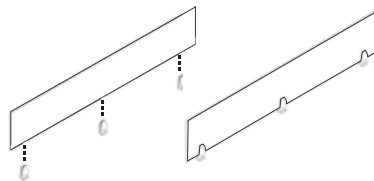

2 Attach the assembled screen to the edge of the desk

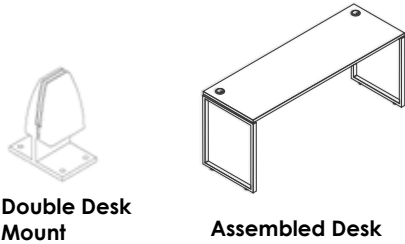

Single Desk Mount

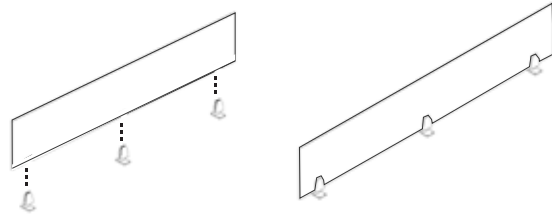

Assembled Desk

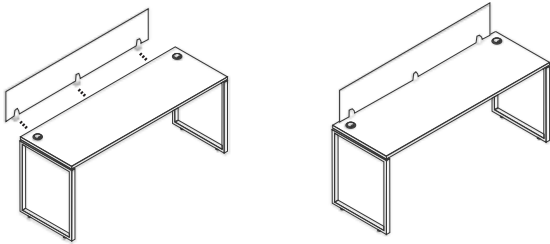

Assembly using double desk mounts

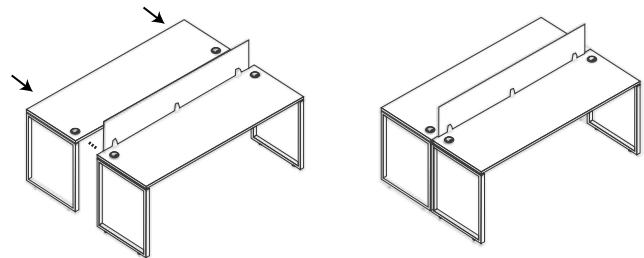

① For the double desk mounts, attach the desk screen to the mounts first.

② Next, attach the assembled screen to the edge of one of the desk.

③ Then attach the second desk to the other side of the desk mounts.

Desk Screen SKUs and Pricing

Available in Frosted or Clear Acrylic

Cleaning and Disinfecting

Cleaning:

This helps to remove dirt and impurities, including microorganisms. Cleaning alone does not kill microorganisms, but does partially reduce their numbers. This helps to reduce the spread of infection.

Disinfecting:

Disinfecting surfaces is achieved using chemicals to kill the microorganism. This method further reduces the spread of the microorganism and helps to reduce the spread of infection.

Material	Suggested Cleaners	Suggested Disinfectants	Cleaning Method	To Avoid
Acrylic	Mild Soap and Water	lysol Spray - Do not over soak	Use vaccum cleaner and a spray on lint free cloth	Ketones and petroleum products
